

## Open Position End Dump Operator

### Job Brief

Duke City Redi-Mix, a leading provider of high-quality concrete products in Albuquerque and the surrounding areas, is currently seeking an experienced End Dump Operator to join our team. If you are a skilled operator looking for a rewarding career opportunity, we'd love to hear from you.

### Job Requirements

- High school diploma or equivalent
- Valid commercial driver's license (CDL) with appropriate endorsements
- Knowledge of safety protocols and procedures
- Ability to work independently and collaboratively with a team
- Strong communication and organizational skills
- Willingness to work flexible hours, including weekends and holidays, as required

### Job Responsibilities

- Operate end dump trucks to transport materials to and from job sites, efficiently loading all types of materials as requested by clients.
- Ensure the safety of each load by checking for the presence and proper utilization of safety pins, hook latches, and pins to prevent doors from opening during transit.
- Monitor the quantity of materials loaded to ensure compliance with legal weight limits and prevent spillage during transit. Ensure material consistency to prevent spillage over the top of the End Dump.
- Maintain accurate work tickets according to company requirements, documenting all job details, and submit paperwork promptly to office personnel for timely processing.
- Conduct pre-shift vehicle inspections, including fueling, and comply with all FMCSA DOT regulations while operating a company commercial motor vehicle (CMV).
- Alert appropriate supervisors to any mechanical defects noted on the truck.
- Keep accurate logs, complete pre-trip and post-trip inspections using provided DVIR, and adhere to JSA's (Job Safety Analyses).
- Perform other related duties as assigned.
