

Open Position

Batch Plant Operator

(no experience necessary)

Job Brief

Duke City Redi-Mix, a leading provider of high-quality concrete products in Albuquerque and the surrounding areas, is currently seeking a Batch Plant Operator to join our team. If you are diligent, willing to learn, and are looking for an exciting career opportunity, we encourage you to apply. We offer competitive wages and a comprehensive benefits package, including health insurance, 401k, and paid time off.

Job Requirements

- High school diploma or equivalent
- Willingness to learn detailed batch plant operations
- Familiarity with safety protocols and procedures
- Ability to work both independently and as part of a team
- Strong communication and organizational skills
- Willingness to work flexible hours, including weekends and holidays, as needed

Job Responsibilities

- Operate and maintain batch plant equipment to accurately produce high-quality concrete products.
- Monitor and control the batching process to ensure the correct mix proportions, consistency, and quality of concrete.
- Perform routine maintenance and cleaning of the batch plant and associated equipment.
- Adhere to all safety standards and protocols during batch plant operations.
- Communicate effectively with team members and supervisors to ensure efficient production.
- Keep accurate records of batch plant activities, including material quantities and quality checks.
- Complete pre-shift inspections, ensuring that the batch plant is in good working condition.
- Comply with all relevant regulations and guidelines governing batch plant operations.
- Notify appropriate supervisors of any equipment issues or malfunctions.
- Maintain a clean and safe work environment in and around the batch plant.
- Perform other related duties as assigned.

If you are seeking a fulfilling role within a dynamic team at Duke City Redi-Mix, please submit your resume detailing your experience and reasons for wanting to join our company.
